

# DETECTIVE HURT, AUTO SMASHED IN LIQUOR BATTLE

Five Captured After Police Cling to Fleeing Auto.

Precinct Detective David Lawrence Billman was painfully injured and a new model Cadillac car was smashed beyond repair when the machine, boarded by police in the alley rear of 1013 L street northwest, was driven into a concrete wall during the course of a thrilling liquor raid yesterday afternoon about 1:30 o'clock.

Billman and Policemen M. D. Smith and D. V. Murphy, of the Third precinct, jumped into the machine, occupied by five men suspected as bootleggers, as it left the garage. Billman sought to stop the machine, but was frustrated when the driver, it is alleged, tried to ram him from the running board. The auto toward the wall, and the wheel himself, Billman sustained loss of his quarry and a fatal injury to himself. The driver of the auto head-on collision with the wall.

Smith and Murphy captured the five occupants following the smash-up. They were aided by Capt. Ernest Brown and Policemen G. Tally, of the Third precinct, Special Officer S. B. Downing and Internal Revenue Officer P. T. Rose. Members of No. 1 Fire Engine Company, hearing the crash, gave assistance also.

Billman was taken to the Emergency Hospital in an automobile owned by Max Wolowitz, 1629 Fourteenth street northwest, and treated for cuts about the face and lacerations of the arms. He left the hospital later.

The five occupants of the car gave their names as William Socks, 2244 N street northwest, owner and driver; Ray F. Gray, of the same address; Max Kaplan, 32 W street northwest; W. C. Jones, of the Hadleigh Courts apartments, and Giles Jones, 1313 North Capitol street.

Twelve quarts of whiskey were found in the car, police say, and 307 quarts were confiscated from the garage in a search later.

The men were charged with transporting liquor and were released on \$1,000 bond each. Socks was also charged with assault on Billman and taxed an additional \$1,000 bond.

# AMERICA WILL STEER SAFE COURSE UNDER LEADERSHIP OF HARDING, HAYS AFFIRMS

G. O. P. Ranks Highly Represented at Tribute Dinner to President's Secretary.

"America will successfully overcome all of the present difficulties under the stellar leadership of President Harding and with the loyal support and co-operation of the people."

This was the key note of an address by Will H. Hays, Postmaster General and chairman of the Republican National Committee, before prominent Republicans of the District assembled at the University Club last night to honor George B. Christian, Jr., secretary to the President.

The reception dinner was arranged under the auspices of the finance committee of the Republican State Committee.

Upward of 300 officials of the Republican National Committee, members of the District Republican Club and guests were in attendance.

Prizes Tumulty.

After paying high tribute to the ability of resident Harding, the judicial activities of his secretary, George B. Christian, Jr., Hays laudably recognized the loyalty and ability of Joseph Tumulty, secretary to former President Woodrow Wilson.

"Although the activities of Joseph Tumulty, secretary to former President Wilson, caused us no little trouble," said Postmaster General Hays, "I am compelled to laud him for the loyalty which he manifested toward his chief and the admirable way in which he handled the duties of his office. He is a credit to the country and to the party which he represents."

In a brief address of thanks, George B. Christian, Jr., declared that one of the most judicious moves made by President Harding was the admirable selection in regard to the members of his Cabinet. "They are all capable men, and we may expect great things from them," he said.

"I want the people of the District of Columbia to feel that they have a right to visit the White House, and I can assure you that the latch string will be free so long as it is within my power to make it," said Secretary Christian.

Praise was given Mrs. Harding for her conduct and creation of a homelike atmosphere at the White House, in a brief address by Mrs. Mary Logan Tucker, vice chairman of the Woman's division of the District Republican Committee.

Women Pledge Aid.

"I pledge loyal service, service without faultfinding, of the women of the District of Columbia to the President of the United States and his Cabinet and those whom he has placed about himself, to assist in the conduct of the executive functions of the country," said Mrs. Virginia W. Speel, chairman of the Woman's division of the District State Committee.

Brief addresses of congratulation to the co-operation of the people of the District during the Presidential campaign and praises for the men who have been selected to take the reins of government were delivered by Clarence B. Miller, secretary of the Republican National Committee; E. F. Colladay, Republican National Committee member for the District; Frank J. Hogan, District delegate to the National Republican Convention.

The invocation was asked by Rev. James S. Montgomery, chaplain of the House of Representatives. W. T. Gallihier, chairman of the Republican State Committee, presided at the toastmaster. T. Lincoln Townsend was chairman of the committee on arrangements.

# PARENT OF DEAD GIRL IS HELD TO ANSWER CHARGE

Jury Holds Gonzales Denied Medical Aid to Malady Victim.

Joseph Virgil Gonzales, of 607 Taylor street northwest, father of 14-year-old Evelyn May Gonzales, who died of diphtheria on January 18 after, it is alleged, she had been refused material medical aid, was indicted by the grand jury yesterday on a charge of manslaughter.

The indictment, which is the first of its sort to be returned in this jurisdiction, charges among other things that Gonzales, "well knowing that his said child was then and there stricken with illness and disease—and in need of medical attention therefor—did knowingly neglect and refuse to provide for said child any medical aid and attention whatsoever, by reason whereof the said child, during the period aforesaid—sickened and languished—unattended and neglected and unaided by the said Joseph V. Gonzales and did die."

Allege Absent Treatment.

At the coroner's inquest on January 24, it was testified that Gonzales was a Christian Scientist and did not call a physician to his home when his child was stricken. Instead, it was alleged, he enlisted the services of Mrs. Ernestine M. Adams, a Christian Science practitioner, who gave the child what is known as "absent treatment."

The grand jury ignored an indictment charging manslaughter against Mrs. Adams, although the coroner's jury held her equally responsible with Gonzales.

Drop Adams Case.

Health Officer Dr. William C. Fowler swore out the warrants which afterward led to an investigation first by the coroner's jury and then the office of the district attorney. When it was discovered that Mrs. Adams had never been to the Gonzales home a charge of failing to report a contagious disease filed against her was dropped.

Charles W. Arth, assistant district attorney, presented the case to the grand jury. It is expected that Gonzales will appear in Criminal Court No. 1 this morning and renew his bond to appear for trial.

# RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poisons Start to Leave the System Within Twenty-four Hours.

Every druggist in this country is authorized to say to every rheumatic sufferer that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiful and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers the worst of all diseases, and he has instructed the Drug Stores to guarantee it in every instance.

# Says His Prescription Has Powerful Influence Over Rheumatism

Mr. James H. Allen suffered for years with rheumatism. Many times his terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he conducted experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. People's Drug Stores have been appointed agents for Allenru in this vicinity, with the understanding that they will freely return the purchase money on the first two bottles to all who state they received no benefit.

# SCHOOL BOARD IGNORES PLEA OF FEDERATION

May Act Later on Change in Rental Rules, Says Dr. Ballou.

Totally disregarding the recommendations of the Federation of Citizens' Associations, that the rules and regulations governing the use of the District public school buildings by community centers and other reputable organizations be revised so that the buildings might be used without unnecessary restrictions and without cost, the Board of Education yesterday held a conference in the Franklin School building and discussed other matters.

"The matter of the revision of the rules and regulations governing the use of the public schools by community and other associations was not considered," was the answer given by Dr. Ballou, superintendent of the District schools, and Dr. Abram Simon, president of the Board of Education, after the conference.

"We merely discussed tentative changes and improvements in the District school system, and there was no definite action taken on any of the matters," said Dr. Ballou. "These matters will have to be brought to the attention of other members of the school system before they will be placed before the board for definite action."

Those who attended the conference were Dr. Frank W. Ballou, superintendent of District schools; Dr. Abram Simon, president of the Board of Education; D. A. Edwards, Dr. J. H. Johnson, Fountain Peyton, Mrs. C. F. Cook, Mrs. S. B. Rhodes, and Assistant Superintendents of Schools Stephen E. Kramer and Roscoe C. Bruce.

Pershing last night to members of the Association of Military Colleges and Schools of the United States in banquet session at the Hotel Washington.

"The most important thing to teach the youth of America is discipline—respect for home, State, Nation, for law and authority. The advantages of military training have been proved by the records of the young men participating in the world war, who were military trained before they entered the service," said the general.
